Important Remarks

Information on this Factsheet is subject to change without prior notice.

The establishment belongs to the official category of "pension & family hotels". The classification of these lodges has been set in order to clearly differentiate them from the "international hotels and residences" category, based on the following key elements:

- A limited number of furnished units, generally located beside the family home
- Facilities tailored to domestic standards, different from the international tourist hotels criteria

- Restricted catering service
- Limited number of professionally trained personnel
- Reduced taxes

While it is true that the level of comfort can not be compared to that of an international hotel, the commitment to hospitality remains nevertheless professional. Focus will be directed on the client's unique experience within an environment proper to the destination
