

Aranui 3
Freighter to Paradise

Do you love fishing?

Remember the fight, the thrill, and the satisfaction of finally catching your first 200 lb. Marlin? Re-live that moment in the Marquesas Islands. Whether you want to fish all 9 days or 2, you will enjoy every minute of it.

The Aranui is a mixed passenger/cargo vessel that operates between Tahiti and the Marquesas via the Tuamotu Islands. You will be fishing in some un-discover water. There is a mix of lagoon, coastal, high sea and deep sea fishing at a different location everyday.

This is truly a sport fishing paradise! For the first timer, our experienced crew will introduce you to the fun and excitement of fishing. You will have a choice of three fishing packages to choose from. In addition, the Aranui will be cruising through very remote, inhabited islands and you will have the chance to discover the beauty of these islands as well as learn the rich Marquesan culture and history.

Wahoo, Tuna, Marlin, Mahi Mahi, Iihi and all lagoon fishes are just some of the fishes you can expect. Surprise catches are everyday occurrence as well.

See the fishing schedule and choose from the 3 fishing packages on the back of this flyer. This is truly a sport fishing paradise! For the first timer, our experienced crew will introduce you to the fun and excitement of fishing. Contact us now for more details how to sign up.
